# More Information

There is no better way to get your message across than with motion graphics and even better if you can take it with you wherever needed.

## **Benefits:**

- Take your advertising right where the action is.
- Great viewing distance.
- More eye catching than static billboards and banners and gives you the benefit of changing content at a moment's notice, without the cost of printed media.
- Outdoor and weather proof.

## **Features include:**

- Play various types of content, from video to animated text and graphics.
- Built-in Diesel generator ensures that you can go to the most remote places.
- Double sided, a screen on both sides of the truck ensures your reach is increased.

## **Ideal for:**

- Advertising.
- Sports events, play video feeds and advertisements of sponsors.
- Public gatherings whether it's a church function or creating public awareness for animal abuse.
- School Festivals.
- Concerts.

High quality video playback on both sides simultaneously

Inside Truck.
